Report of Superintendent of Schools

To the School Board and Citizens of Barrington:

The present organization of the elementary school is as follows:

Room and Grades	*Enrollment*	*Teacher*
Primary, I and II	37	Miss Rowena F. Newell
Intermediate, III and IV	25	Miss Rita C. Stewart
Grammar, V and VI	31	Mrs. Grace H. Brock
Junior, VII and VIII	27	Mrs. Ruth V. Scruton, Principal
Total	120	

There are also 16 Barrington pupils enrolled in Dover High School, 14 in Spaulding High School in Rochester, and two in Coe-Brown Northwood Academy, or a total of 32.

The war has affected the schools, but not too adversely. The judgment of the Building Committee in choosing a coal stoker instead of oil for the new heating plant has been amply justified. Transportation difficulties of teachers and carriers have been overcome. In view of the great demand for buses and skilled workers of all kinds, it would seem to be a just policy to authorize the extension of bus contracts over a four-year period, in order to retain this vital service. War Damage Insurance should be placed upon the school building, situated as it is in a "defense zone." The school children have cooperated in the war effort by salvaging metal, saving systematically through war bonds and stamps, turning copper and nickel coins into circulation, making and displaying war posters.

The teachers, with the help of other citizens, have conducted the various rationing programs, including Sugar and the issuance of War Ration Book No. 1, two gasoline rationings, the Fuel Oil Rationing, and soon the Point Rationing of processed fruits and vegetables and issuance of War Ration Book No. 2. During the summer, when the teachers were dispersed, Mrs. Cassie C. Haley, of the School Board, acted as School Site Administrator.

Health and nutrition, especially for children, are important considerations in war time. The Dental Clinic, conducted by Miss Margaret Macdonald, school nurse, last April, was especially successful, with 29 pupils receiving certificates of complete care from the dentist, Dr. C. H. Manning. The Woman's Club, Grange, and Parent-Teacher Association joined in sponsoring this project. Federal Surplus Commodities have been used to supplement the school lunch. Mrs. Mabel Hall was in charge of the lunch room for one month previous to the withdrawal of federal aid for that type of work. It is doubtful if this lunch program can be continued on a basis of withdrawing pupils and teachers from the classroom for work in the school lunchroom.

A notable improvement of the school grounds was made last spring, when Colprit's Nursery of Madbury completed a contract for "foundation planting" of several varieties of evergreens, perennial shrubs, and vines on all four sides of the school building. Landscaping plans and specifications prepared by Miss Natalie Goodhue were furnished without cost to the district by the University of New Hampshire Extension Service. This fall an attractive reception room bench, purchased from the recent bequest of Miss Gladys S. Berry and suitably marked, was placed in the hallway of the school building for the convenience of visitors.

At the eighth grade graduation held in the school auditorium June 11, 1942, the following program was presented:
